Please read through this owners manual carefully before using your new tool. Use your tool properly and only for its intended use.

Fowler XTRA-VALUE 9" ELECTRONIC LEVEL

Fowler's 9" Laser Level provides instant 4 x 90° digital inclination display. With embedded magnets on its measuring surface, a beam splitter projects a 90° laser cross hair for leveling at a distance. It also includes a 1/4-20 mount for tripod use.

Operating Instructions:

- **Level:** Push "Level" button to turn the level on, Level will appear on the upper left corner and the tool is ready to take level measurements.
- **Tilt %:** Push "Tilt %" button, % will appear in the upper right corner to measure tangent tilt rate %; 100% = 45°. To return back to level measurements, push "Tilt %" button again.
- **Hold:** Push "Hold" button, Hold will appear in the upper center to hold the measured reading; to return to normal measuring, push the "Hold" button once again.
- **Bevel:** Push the "Bevel" button to set relative Zero on any surface. To switch back to level measuring, push "Level" button for 3 seconds.
- **Laser:** Push "Laser" button to use the laser for measuring; to turn off the laser, push the "Laser" button once again.
