The NLV-220 lever operated force measurement test stand provides an affordable, reliable, and easy to use means of performing consistent force testing. The NLV-220 is Imada's most economical test stand. Compared to testing by hand, using a test stand will greatly increase the repeatability of any test.

NLV-220 Standard Features

- Standard Compression and Tension models both operate with a single downward lever stroke
- Maximum load 220 lbf (100 kg)
- Stroke 2"
- Maximum clearance 9" (or 14" with optional extender plate)

Standard Distance Meter Specifications

Display	Push button for inch/mm, zero set and on/off
Resolution	0.0005"/0.01 mm
Accuracy	0.1% of reading or 0.005"/0.1 mm whichever is greater
